## **“A Better Way: Where Least is Most”**

**A new book by David Zachariah Glover is now available!**

Much has been written about changing and growing today's church in America. But what about true transformation by making today's church more relevant, more impactful on our culture, more of what Jesus intended it to be? Now, imagine the most implausible way God might do such a thing in this day: change us to be more like Him and thereby change His church. In **“A Better Way: Where Least is Most”** David presents this “implausible” way God is moving today in and through PURE people. This book isn't for the fainthearted Christian. It is for the weak ones who want to be stronger. The poor ones who want more of His wealth. The foolish ones who desire to be wise. Interested? There is **A Better Way** and it is found in the most unlikely place with the most unlikely people.

**Get a signed copy of the book by ordering through the PURE Ministries website**

Also available in paperback and electronic format at Amazon and Barnes and Noble as well as through the publisher, CrossBooks ([www.crossbooks.com](http://www.crossbooks.com))

Churches of any size can use the PURE Ministries **QuickStart Guide** to begin reaching out to children and adults with disabilities. The Guide includes step-by-step strategies for building and/or growing a successful PURE ministry with an emphasis on respite care. Suggested resources and samples of forms are included. The QuickStart Guide can be viewed online on the PURE Ministries website or printed, if you prefer. Whether you're praying about starting a PURE ministry in your church or expanding your current ministry, the QuickStart Guide will be a great help. Just click on **“QuickStart Guide”** on the home page of the website and you'll be on your way!
